The Premium Smart-Sizer® is a powerful digital gas inflator that is designed to accurately size all latex and foil balloons.

The Premium Smart-Sizer® right nozzle is push button activated and has a timer function for sizing latex balloons with helium. The left nozzle has an auto shut-off function for foil balloons, which prevents over inflation or damaged valves. The Premium Smart-Sizer® also comes with a third nozzle located at the back that either a Tilt Valve, Push Valve or Extension Hose can be attached using the efficient connect/disconnect function.

OPERATING INSTRUCTIONS

1. Plug your Premium Smart-Sizer® Inflator into wall socket and position machine on a flat, level, dry surface.
2. The Premium Smart-Sizer® was designed to easily and accurately size and inflate all sizes of latex balloons. Simply set the desired inflation time in seconds and tenths of seconds, put balloons on right nozzle, depress the red inflation button, and inflate.
3. To inflate foil balloons use left push down nozzle. The machine will automatically shut off once balloon has been inflated to correct size.
4. For multiple larger balloon inflation hold down 'Tap to Decrease' button for a few seconds this will then allow for setting to be adjusted from 9.9 seconds to 99 seconds.
5. Do not immerse this product in water, allow it to fall, put heavy weight over it, or dismantle it. If this product is damaged due to above-mentioned reasons, it is not covered in the warranty.

SAFETY INSTRUCTIONS

1. **Warning** – To prevent fire or shock. **Do Not** expose unit to water or moisture.
2. **Warning - Do Not** place hands, face, or any other objects over the inflation nozzle air discharge holes.
3. **Warning** – **Do Not** obstruct the inflation nozzles in any way or the air intake and discharge vents located at the bottom of the inflator.
4. To reduce risk of electric shock, unplug inflator before any external cleaning.
5. **Do Not** operate unit with damaged cord or plug. If power cord is damaged, it should only be replaced by authorized service personnel.
6. **Do Not** operate unit with damaged cord or plug. If power cord is damaged, it should only be replaced by authorized service personnel.
7. Make sure cord is situated so that it will not be stepped on, tripped over, or subject to damage or stress.
8. Operate your Premium Smart-Sizer® Balloon Inflator only on a flat, level, dry surface.
